

# GO GO

ELITE TRAVELLER® PLUS

3 & 4-WHEEL SCOOTER

## FEATURES, PERFORMANCE, AND TRAVEL READY

Feather-touch disassembly

The Go-Go Elite Traveller® Plus was designed to bring travel scooters to a greater range of people than ever before. An increase in length and width, and a weight capacity of 300 lbs., combine with a wraparound delta tiller to allow both the larger individual and those with limited dexterity to experience the benefits of a travel-specific mobility product for the first time. One hand feather-touch disassembly makes the Go-Go Elite Traveller Plus the easiest travel scooter to take along anywhere.

## Pride® Lifts & Ramps

### Compatible Lifts:

- Backpacker® Plus
- Outlander

<sup>1</sup> Varies with user weight, terrain type, battery amp-hour (AH), battery charge, battery condition and tire condition. These specifications can be subject to a variance of (+/- 10%).  
<sup>2</sup> Due to manufacturing tolerances and continual product improvement, this specification can be subject to a variance of (+ or - 3%).  
<sup>3</sup> AGM or gel cell type required.  
<sup>4</sup> Tested in accordance with ANSI/RESNA, WC Vol2, section 4 & ISO 7176-4 standards. Results derived from theoretical calculations based on battery specifications and drive system performance. Test conducted at maximum weight capacity.  
<sup>5</sup> Battery weight may vary based on manufacturer.

### NOTE: All specifications subject to change without notice.

The information contained herein is correct at the time of publication; we reserve the right to alter specifications without prior notice. Speed and range vary with user weight, terrain type, battery charge, battery condition and tire pressure. Due to manufacturing tolerances and continual product improvement, length, width, turning radius and ground clearance can be subject to variance of + or - 3%. Dimensions listed are for power base only. Overall measurements will vary based on seating and accessory selections.
