

SmartScoot™

World's Best Travel Mobility Scooter

Easy to use, adjustable, foldable lightweight scooter. Fits in the trunk of most automobiles and in all SUV's and vans.

The SmartScoot™ lightweight mobile scooter has two folding options and three speeds, rear-wheel settings and lighter mobility scooter pieces than other brands. With a maximum speed of 7mph, adjustable from 3mph, the SmartScoot™ portable mobility scooter provides the ability to cruise at maximum speed and a large bandwidth for speed adjustment.

The SmartScoot™ leverages a 4lb lithium-ion scooter battery with up to 12 miles of range to SmartScoot™ mobile scooters while complying with FAA regulations for air travel. This portable mobility scooter is a smart option for active and on-the-go lifestyles!
